

Feedback Mechanism

School of Distance Learning, Jagannath University, Jaipur is following a sound feedback mechanism to improve the quality of services provided to learners of Distance education. This is a continuous process, where we collect feedback from students to improve the services and bridging the gaps. feedback is collected through-

- Personal interaction with students
- End semester feedback

online feedback is also collected from all the students in mid of the semester. Feedback is collected on well-designed questionnaire and its feedback is passed on to Centre for Internal Quality Assurance (CIQA).

Feedback is also taken from industry experts and external senior academician to improve the structure of program. It helps in making learners more employable.
