

Annual Plans for Quality Enhancement

Center for Quality Assurance (CIQA) was formed in school of Distance Learning, Jagannath University, Jaipur on 5th September, 2017 for the purpose of maintaining quality in the services provided to learners and to ensure continuous improvement in the entire operations of School of Distance Learning. For this purpose following annual plan is prepared and CIQA ensures the effective implementation of these points on time:

1. It is decided to take feedback from learners, employers and other stakeholders for quality related issues on regular interval of time.
2. It is decided to suggest restructuring of program in order to create better employability in learners for industry.
3. It is decided to encourage system based research to bring better qualitative changes in the entire system.
4. It is decided to coordinate between School of Distance Learning and University Grant commission for various quality related issues.
5. It is decided to make improved policies for program development methodology and program delivery mechanism.
6. It is decided to appoint external subject experts for validation and overall annual review of its in-house process and distance learning mode programs.
7. It is decided to promote more effective teaching methodology through Digital Platform.
